To Whom It May Concern:

Would you like an amazing opportunity to promote your business in front of hundreds of potential customers from Warrenton and surrounding communities?

The Warrenton Chapter of Friends of Fort Liberté is excited to partner with Barrel Oak Winery to hold the *2nd Annual Friends of Fort Liberté Fundraiser at Barrel Oak Winery & Taphouse benefiting the construction of new public clean water wells in Haiti*. The event will be held on March 9, 2019, at Barrel Oak Winery & Taphouse. Last year was a huge success — we had participants not only from within Fauquier County but also Culpeper, Fairfax, Loudoun, and Prince William counties as well as Washington, D.C., Maryland, and West Virginia! We anticipate this year to be even more successful! All proceeds raised from this event will go towards providing access to safe and clean drinking water through the drilling of new public wells in and around Fort Liberté in the northeast of Haiti.

At our inaugural event last year, enough funds were raised to drill 7 new wells in and around Fort Liberté, Haiti! This past November, we were able to personally witness first-hand the anticipation, installation, use and importance of these 7 new wells in and around Fort Liberté. There is still a dire need for access to clean, disease-free drinking water and the installation of more public wells.

Attached is our sponsorship form showing the different fully tax-deductible opportunities for marketing your company while aligning with a beneficial cause and Friends of Fort Liberté, a registered 501(c)(3) non-profit organization. In addition to advertising your business, you will play an important role in bettering the health and quality of life for hundreds of people by providing one of the most important basic needs - water; something often taken for granted.

For additional information or questions, please email us at [haitiwellwater@gmail.com](mailto:haitiwellwater@gmail.com) or visit our event website at [www.haitiwellwater.com](http://www.haitiwellwater.com). On behalf of Friends of Fort Liberté and the people of Haiti, thank you for your consideration and, above all, your support.

Sincerely,

Angela Smoot
